Education

Kalinga Institute of Industrial Technology **2024 – Present**
Bachelor of Technology - Computer Science and Engineering *Bhubaneswar, Odisha*

Kendriya Vidyalaya Command Hospital **2012 – 2024**
12th CBSE Board Exam, 10th CBSE Board Exam *Kolkata, West Bengal*

Technical Skills

Languages: C/C++, HTML/CSS, Python, JavaScript, SQL
Frameworks & Libraries: React (learning), OpenCV, NumPy,Pandas
Developer Tools: VS Code, Git, GitHub, AutoCAD, Netlify, Supabase
Coursework: Data Structures, Operating System, Object-Oriented programming, Database Management System
Non-technical skills: Leadership, Public Speaking, Content Writing, Team Management, Communication

Professional Experience

Pinnacle Labs **Jun2025 - Jul 2025**
C Developer Intern **Remote**

- Developed and debugged C programs for production-level software projects, delivering solutions within sprint deadlines in a remote team environment.
- Applied software engineering best practices including modular code design and systematic debugging to improve code reliability and maintainability.

Projects

Samadhan Portal |HTML, CSS, JavaScript, Supabase, PostgreSQL | GitHub | Live Link

- Built a full-stack complaint management web app with role-based authentication (citizen, authority, admin) and Row-Level Security using PostgreSQL SECURITY DEFINER functions, and an integrated AI chat-bot assistant for guided complaint submission.
- Deployed a responsive multi-page web application with asynchronous API queries, dynamic UI, and an AI-powered support assistant enabling end-to-end complaint submission, tracking, and feedback.

EduNova (In Development) | Python, OpenCV, Machine Learning, Computer Vision, CCTV-based video processing.

- Building an AI-powered Ed-tech platform using Python and OpenCV, implementing real-time facial recognition to automate student attendance tracking via webcam/CCTV-based video processing.
- Integrating machine learning models for attention tracking and behavioral analysis, enabling educators to monitor classroom engagement patterns through automated video stream processing.

Achievements/Extracurriculars

- Founded and led a team shortlisted in the Top 20 at Hult Prize KIIT 2025, a global social entrepreneurship competition.
- Led a team that qualified Round 1 of India Innovates Hackathon 2026.
- Solved 100+ problems on LeetCode, strengthening algorithmic thinking and problem-solving skills.
- Achieved 2-star rating on CodeChef, demonstrating consistent competitive programming practice.

Certifications

- Google Gemini Certified Student — Google for Education
- Microsoft-certified Data Analytics — Physics Wallah

Volunteer Experience

AlgoZenith KIIT Chapter **Jan 2026 - Present**
Event Lead

- Serving as a core member, spearheading end-to-end planning and execution of technical events, coding contests, and workshops for the KIIT competitive programming community.
- Led recruitment of **50+ members**, enhancing the growth and impact of the KIIT AZ chapter.
- Coordinating cross-functional teams for event logistics, participant outreach, and on-ground management, ensuring smooth delivery of chapter activities.
